

GLAVES

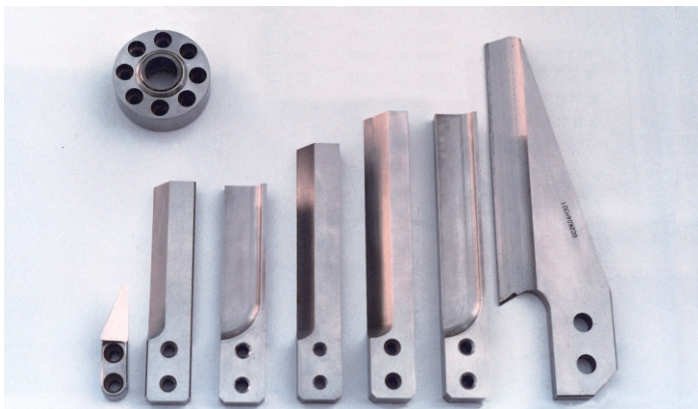

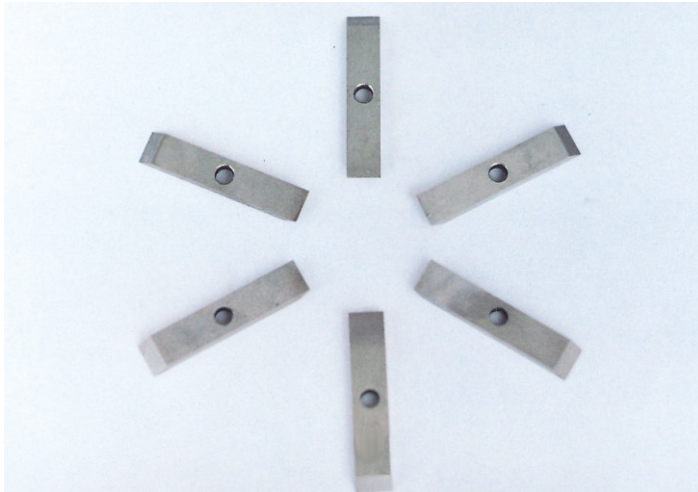

die face cutter

We design and manufacture die-face cutters and die plates for wide range of applications suiting to various extruder makes.

Our die face cutters are spring loaded and allow precise setting and increased running life. They have easier blade adjustment. The blades have two cutting edges and are inexpensive, and easy to replace.

We manufacture blades for die face cutters in various materials depending upon material being cut.

Pictures from top to bottom: 1. Die face cutter and die plate 2. Hub cutters suitable for Gala die face palletizer 3. UWG system flyknife and TC die, Various HDPE / LLDPE cutter blades suitable for Black Clawson and JSW type of cutters
